Nature of Non-Compliance: On April 5, 2021, at approximately 1131pm, a 911 call was received by Sugarland Police Department regarding a possible overdose due to possible opioid abuse. The defendant's sister reported to the police that she found the defendant on the couch, unresponsive. But after some effort to wake him he responded to her. Al-Adli stated to the responding Sugarland Police Officer, he had a substance abuse issue, but had not taken any illegal substances that day. However, he did admit to injecting Morphine on March 30, 2021. Emergency Medical Services (EMS) evaluated the defendant, and as he was responsive was not taken to the hospital. No further action was taken by Sugarland Police Department.

U.S. Probation Officer Action: On April 6, 2021, the defendant denied admitting to the Sugarland Police Officer any drug use. He reported that he had been struggling with depression and anxiety but was adamant he did not admit to the officer he ingested morphine. A drug test was administered on April 6, 2021, and it returned negative. The defendant admitted he needed counseling to address both his substance abuse and mental health issues. On April 7, 2021, the defendant self-admitted himself into a 45-day inpatient treatment program at La Hacienda, Hunt, Texas, to address his addiction and mental health needs. Upon his successful release from said program the defendant will be required to resume USPO treatment services.

As such, it is respectfully recommended that no court action be taken at this time and Al-Adli be allowed to continue to participate in treatment at La Hacienda, and upon his return to Austin, resume his co-occurring treatment services at Kearley and Schmidt.

Accordingly, the Court reserves the right to revisit this allegation in the future. In addition, should Al-Adli incur any further violations, the Court will be notified.

Respectfully submitted,

Stephanie A. Morales
